

# Public-Private Partnership in 2022

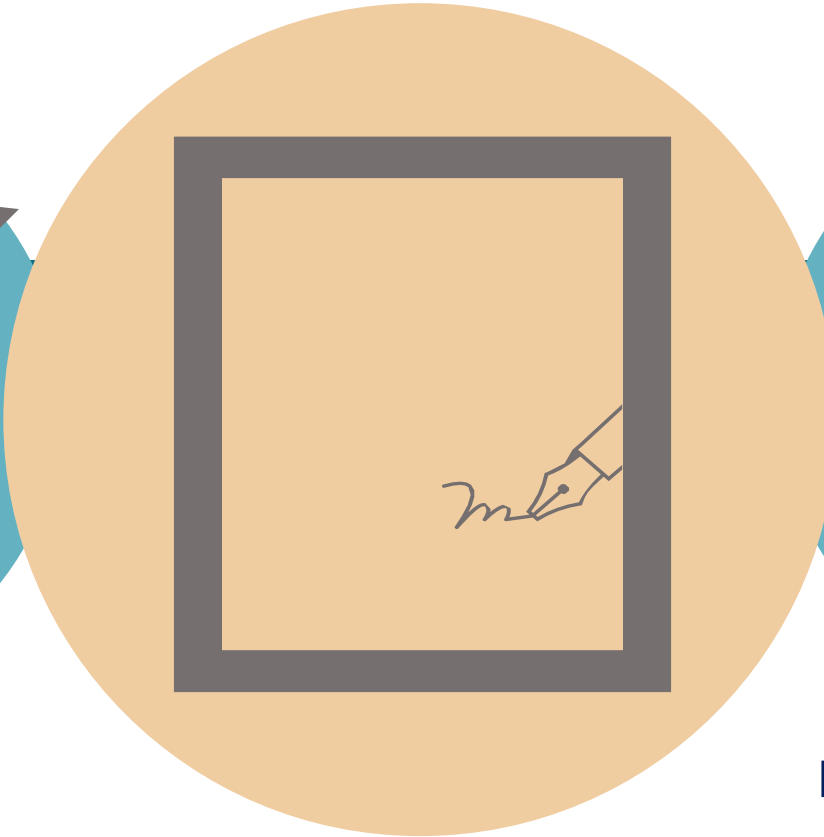

Projects executed by the Executive Secretariat for strategic  
partnerships in 2022

**RECIFE**  
**PARCERIAS**  
CONCESSÕES E PPPs

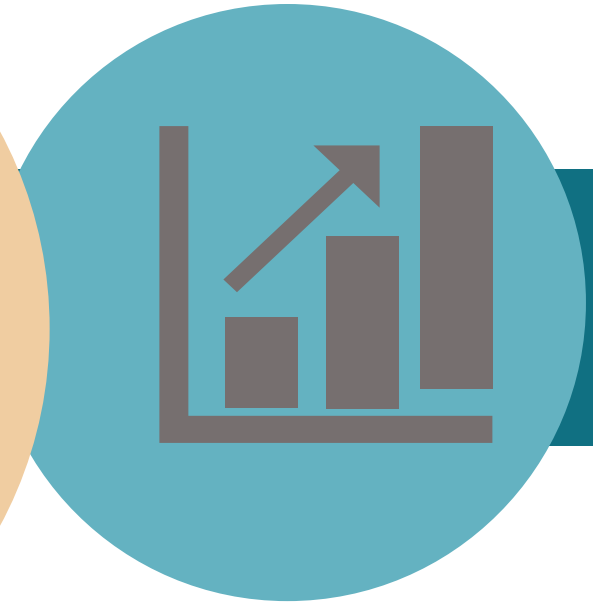

# Become the city of Recife a national reference of structuring projects in public-private partnership

More efficient  
management

Responsibility on the  
investment, operation and  
maintenance of the private  
partner

Higher quality results to  
the population

# **Projects portfolio in the Municipal Program of Public-Private partnership**

# Infrastructure Urban

An aerial photograph of a city, likely Rio de Janeiro, showing a dense urban landscape with numerous high-rise buildings and a river winding through it. A bridge is visible in the upper left, and a large green area with palm trees is in the lower left. The image is framed by a white geometric shape on the right side.

## Urban furniture

### Electronic Digital Watches

- 108 new equipments, with monitoring cameras, free wi-fi, additional features and public utilities, including complementary actions of green areas conservation.
